

Jonathan Lui, P.E. Consultant

Jonathan Lui joined Colin Gordon Associates in the spring of 2011 and has experience in the structural engineering field. After obtaining his M.S. degree at the University of California Berkeley in 2006, he worked two years as a structural engineer with KPFF Consulting Engineers. Jonathan had the opportunity to work on several commercial projects, varying from complex steel frame hospitals to simple tenant improvement jobs. Mr. Lui is also a California-licensed Civil Engineer.

Mr. Lui's consulting activities at Colin Gordon Associates have focused upon vibration control, finite element modeling, and vibration measurements for high-technology facilities including semiconductor fabs and university laboratories as well as commercial structures such as parking garages.

Education

- M.S., Civil Engineering (SEMM), University of California Berkeley, Berkeley, CA
- B.S., Structural Engineering, University of California San Diego, San Diego, CA

Honors and Professional Societies

- Registered Civil Engineer (P.E.) in California
- Member of the American Society Civil Engineers (ASCE)
