

## **Edward (Teddy) Weeks**

### **Technical Assistant 1**

Teddy joined Colin Gordon Associates in January of 2022, with a background in interior and room acoustics. Prior to CGA he worked for an acoustical team on more than eighty projects ranging from large scale performance spaces to historic courthouses, as well as assisting acoustical design phases of WELL and LEED projects. Teddy continues to advance his study and understanding of CGA's métier, vibration analysis. Where he has developed several skills in his short time with Colin Gordon Associates: vibration measurements, analysis, reporting, and project management.

### **Education**

B.A., Physics, Colorado College, Colorado Springs, CO

Theses: *Room Acoustics: The Physics of Sound* (Physics),

*Acoustically Informed Performance and the Modern Composer* (Music)
